Resident Perspective

“Andrew Street clinic is a great place to learn as a resident due to the one to one facilitation and reasonable practice size. I am interested in procedures and feel fortunate to work with Dr. Dusseault who provides excellent support and instruction, while also allowing me to act autonomously in order to develop my own skills and techniques.”

Resident Perspective

Advantages

- Very knowledgeable & approachable physicians
- Brand new office with new equipment
- Many procedural skills opportunities
- Dr. Dusseault really enjoys teaching
- In-building pharmacy support
- Great staff-to-learner ratio

Disadvantages

- As a new office, volume is low (but expected to increase)
