

DIN Numbers for common vaccines and drugs

If you have a health plan that pays for prescription drugs, vaccines and antimalarial drugs may be covered.

We do not have access to the online billing software and card readers to check this in our Clinic but we suggest you call your plan and ask them if vaccines are covered. They may ask you for the DIN number of the vaccine. We have provided the DIN numbers of most of the vaccines and antimalarial drugs below. If the vaccine/medication is covered by your plan you may submit a manual claim to your insurance for reimbursement using the official receipt given by our clinic. We do not dispense Malaria medications at our travel clinic. Prescriptions for Malaria medications will be given to you at your appointment and may be taken to your pharmacy for dispensing.

The following is a list of common vaccines/medications and their corresponding DIN numbers.

Disease/condition	Medication	DIN Number
Japanese Encephalitis	Ixiaro	02333279
Typhoid	Typhim Vi	02130955
	Typherix	02242727
	Vivotif I (Oral capsule)	00885975
Rabies	Rabavert	02267667
	Imovax	01908286
Hepatitis B	Engerix (Adult)	01919431
	Engerix (Pediatric)	02296454
Hepatitis A	Havrix (Adult)	02187078
	Havrix (Pediatric)	02231056
Hepatitis A	Avaxim (Adult)	02237792
	Avaxim (Jr)	02243741
Hepatitis A & B	Twinrix (Adult)	02230578
	Twinrix (Pediatric)	02237548
Meningitis	Menactra	02279924
	Nimenrix	02402904
Hepatitis A and typhoid	Vivaxim	02248361
